Steel wheel manufacturing

Croatia

Highly competitive and flexible steel wheel manufacturing with certified OEM quality standards for low or high volumes – standard, made-to-measure and dual wheels.

Our ISO 9001 and ISO 14001 certified factory produces more than 1,000,000 wheels a year, from 3-inch pressed wheels to 54-inch spun wheels.

China

Our ISO 9001 certified steel wheel factory is specialised in high volume deliveries of steel wheels for trailers, caravans, golf carts and lawnmowers.

Our Chinese factory produces more than 1,000,000 wheels a year of 6 to 16-inch. Pressed wheels 6" to 8" and rolled wheels 10" to 16".

All steel wheels manufactured by STARCO are e-coated to prevent rust and corrosion and can be painted in any colour.

STARCO – a Kenda company

We have been a pioneering force in the wheel and tyre industry since 1961. Today, we develop, manufacture and deliver clever wheel solutions. Our specialty is low and high-volume standard and bespoke complete wheels for a wide range of applications – from the smallest wheelbarrow or trailer, to large agricultural or industrial machines and implements.

Our headquarters is in Denmark, and we have factories in the UK, Croatia and China, as well as sales, fitting and distribution centres all over Europe.

STARCO is part of the Kenda Group, that is one of the world's leading tyre and tube manufacturers with factories all over the world and has 11,000 employees globally.
