

Clever wheel and tyre solutions for light transportation

Internal trolleys · Sack trucks · Wheel barrows

We develop and manufacture light-weight and high-quality wheel and tyre solutions for almost any application for light transportation.

- ▶ Specialised manufacturing of pneumatic or puncture-proof tyres with a steel or plastic centre.
- ▶ High-quality wheel and tyre solutions for trolleys, sack trucks and wheelbarrows ranging from 4" to 12" are developed with extensive wheel and tyre experience for improved end-user experience.
- ▶ Tailored supply solutions that ensure excellent delivery performance, and a dedicated team ready to support your business.

Bestsellers

STARCO Flex Pro

The large range of STARCO Flex Pro is for professional use on smoother surface, but still workable on soft and semi-uneven sites.

The Flex system will adapt to the ground.

STARCO Flex Lite®

STARCO Flex Lite® is recommended on smooth surface and semi-rough terrain, mainly for private user or lighter professional service.

STARCO Flex iCore®

Puncture-proof STARCO Flex iCore® gives an excellent ride, improves shock-absorption and reduces rolling-resistance.

Strong innovative culture and agile plastic wheel and PU tyre manufacturing as well as in-house design and mould manufacturing. We excel in puncture-proof tyres and produce more than 750,000 4 to 18-inch wheels a year.

Plastic wheel and PU tyre **manufacturing**

The polyurethane material used for our puncture-proof tyres is light-weight, hard-wearing, has good shock absorption properties and demonstrates excellent resistance to most chemicals, ozone and UV attack. This ensures our products are the first choice for many demanding applications.

STARCO – a Kenda company

We have been a pioneering force in the wheel and tyre industry since 1961. Today, we develop, manufacture and deliver clever wheel solutions. Our specialty is low and high-volume standard and bespoke complete wheels for a wide range of applications – from the smallest wheelbarrow or trailer, to large agricultural or industrial machines and implements.

Our headquarters is in Denmark, and we have factories in the UK, Croatia and China, as well as sales, fitting and distribution centres all over Europe.

STARCO is part of the Kenda Group, that is one of the world's leading tyre and tube manufacturers with factories all over the world and has 11,000 employees globally.
