

STARCO alloy wheels

Form meets function - Discover the perfect alloy wheels for Touring Caravans and Trailers. With intricate designs and rust-free composition, they provide both functionality and aesthetic appeal. Enjoy a unique and exclusive look, with options for bespoke designs and colour finishes without a high volume commitment. Our wheels are suited for both single and twin axle types and offer higher comfort and better handling than steel wheels due to a significant weight reduction.

Standard
silver

Bespoke paint
finish

Standard Black
polish

Standard silver

Choose our standard silver wheels for a classic and clean look that suits any Trailer or Caravan. Available in sizes between 10 and 15 inches.

Standard Black polish

Choose our standard black polish wheels to add a modern and stylish look to your Trailer or Caravan. Available in sizes between 10 and 15 inches.

Bespoke paint finish

If you want your wheels to stand out from the competition, we offer bespoke designs, paint colours and finishes. You can also add your logo to the centre caps for extra visibility.

European engineering

All our wheels meet the highest quality standards, such as TUV certification, and are meticulously designed by the engineers at our Technical Centre with dedicated teams collaborating across Germany, the UK and Croatia.

At STARCO, we have been a pioneering force in the wheel and tire industry since 1961. Today, 650 employees make up our great team bound by a passion for clever wheel and tire solutions.

Our specialty is low and high-volume standard and bespoke complete wheels for a wide range of applications – from the smallest wheelbarrow or trailer to large agricultural or industrial machines. Our headquarters are located in Denmark, while we have established sales offices and distribution sites across Europe.

We manufacture our products at facilities in England, Croatia and China. In Germany, we operate a dedicated Technical Centre with wheel engineering teams strategically located in the UK and Croatia. STARCO is part of the KENDA Group which is one of the world's leading tire manufacturers with factories all over the world and 12,000 employees globally.
